

# Instant rebates available for high-efficiency ultra-low temperature freezers

DTE has partnered with distributors to offer big savings of up to \$1,200 per unit on the purchase of high-efficiency ultra-low temperature (ULT) freezers to commercial and industrial customers. Participating distributors apply the rebate directly at the point-of-sale, so you save instantly.

15-24 cu. ft.

**\$600 off**  
per unit

24-30 cu. ft.

**\$1,200 off**  
per unit

## How It Works:

- 1 Find a participating distributor**  
Visit [foodservice.dteincentives.com](https://foodservice.dteincentives.com) for a list of participating distributors.
- 2 Choose qualifying equipment**  
A list of qualifying models can be found using ENERGY STAR's [Product Finder](#). Ask your distributor what qualifying model is right for your facility.
- 3 Receive your instant rebate**  
Confirm your equipment will be installed at a non-residential facility. The rebate will be applied as a discount on your invoice.
